A bet between Eros, the God of love & desire, and Chloe (Chlotho), the Fate of birth, leads to a year filled with match-making and passion.

~~~~~

Celeste Kincaid is on a mission: Find the injured deer in the woods near her home and heal it. Once she does, she can get back to her real job; healing animals brought into her practice and teaching the next generation of faerie healers. She can also get back to dipping her toe in the dating scene. But from the onset of the task, she gets the feeling something isn't right. When she finds the injured deer, which ends up being a sick fawn in the back yard of the sexiest Wood Elf she's ever seen, she knows something is up.

Owen Foster is in love, well, at least lust at first sight. The blonde-haired goddess standing in his backyard is every man's fantasy come true; until she opens her mouth and accuses him of being a crappy elf. He can overlook that misguided belief as he helps her care for the fawn, but when her youngest sister shows up and acts like they're together, he'll have to go to desperate measures to prove they aren't.

A meddling mother dabbling with faerie magic, the worst storm they've ever seen, along with a bear and a fawn--will these two be able to turn their instant attraction into a love of a lifetime?

~~~~~

**NOTE:** Mystic Zodiac is a 12 book series. It is NOT a serial. Each book ends in a happily ever after for the main couple. However, the prologue and epilogue of each story follows the Gods that kick off the series, Eros and Chlotho (aka Chloe). At the end of the series the bet between the two will come to a conclusion.
