Michael Perkins is a wealthy man who seemingly has it all in his privileged Victorian life. Underneath the surface, however, lurks deep unhappiness, especially when it comes to his marriage to the sadistic and power-crazed Claire, who enjoys tormenting her helpless lady's maid, Hope.

Michael's apathy towards his wife's cruel treatment of Hope comes back to bite him though, as Hope is secretly a witch, good-hearted albeit, who is just simply trying to make an honest wage in the city of London. She is finally sent over the edge when Michael himself lashes out at her without justification, and she reluctantly decides to use her powers to switch places with Michael before running off with the family fortune.

Finding himself turned into a woman, Michael is soon degraded by Claire, who thinks he is the maid Hope. Helpless, he must prove himself to be a worthy maid all whilst trying to avoid the wrath of Claire and accept his new self as a woman.

This proves to be a difficult task for Michael, and he quickly finds himself in a state of complete despair. However, just when all seems to be lost, a man appears in his life and, in the process, challenges his every notion about life.

Turned Into His Wife's Maid contains around 19K words. It is the third entry into the "Turned Into A Girl" series and can be read as a standalone book.
