The appendices included are small essays and charts explaining everything from Greek grammar, to Hebrew customs and figures of speech. E.W. Bullinger never really wanted his name associated with this bible so as to let his work, not his name, speak for itself. His comments in the Companion Bible reflect the time period in which he lived (late 1800's) and offer insight into many Christian theories that were new in his time, but to us now seem old. The rapture theory and the gap theory being two of these.
