Want to learn the 'soul language' of astrology? It's not as difficult as you may think. You'll want to know the whole story, including what many astrologers don't tell you. This book guides you through the process of understanding your birth chart--simplifying planets, houses, signs, transits and techniques in a unique way. Elizabeth shows you how to prioritize what you need to know and what you don't. Included here are predictive techniques, insights into mid-life transits and passages, moon cycles, and everything you'll want to understand about the process of becoming an astrologer--even if just for yourself. You don't need certifications and advanced degrees, but you do need an intuitive and inquisitive mind to make the mandala of your chart come alive! Elizabeth Spring has a Masters degree in counseling psychology with a focus on the work of Carl Jung. She has been a professional astrologer since 1992. This is her third book.
