Lauren was a princess. An only child in a well-to-do family, she was pampered by her parents and enjoyed a happy childhood that many others could only dream of. Then her parents' marriage fell apart and she got raped!

That's when things began to take a downward spiral. Once a good student, Lauren did badly in school and started picking up habits like smoking and drinking. Then, she decided to get her first tattoo on her lower back. That tattoo changed her life and Lauren began to heal. She blossomed into an artist and performer, leaving her pain behind with many tattoos.

Singaporean author presents this excerpt from his book Leaving The Pain Behind with uncensored photos not found in the book. Strictly for adults only.
