To Dusty Fog's eye, it seems like a killer's convention is set to convene in Corpus Christi in honor of the arrival of a European crown prince. And it's Dusty's job -- along with fast-draw artist Waco, a knife master called the Ysabel Kid, and other members of Ole Devil Hardin's Floating Outfit -- to keep his highness breathing while on American soil. But things are threatening to get seriously out of hand, because there're a lot more than just a few hired guns who want a shot at this royal target. And it's looking like Fog's going to be facing an old adversary again -- the world's most feared assassin -- even though Dusty's already killed him once!
