META-Health Consciously Healing Body and Soul Susanne Billander

Our body is an amazing gateway to spiritual awakening. Physical dis-ease occurs when we are out of alignment with our Soul Purpose - when we are not being who we were designed to be. Every symptom has meaning, and is usually the result of a conflict within our belief system and the underlying energetic misalignments that exist at the various dimensional levels of our Being. Meta-Health is a diagnostic tool that helps us identify the root cause of disease, the stage of disease cycle that may be presenting itself, as well as identify where we are in our own spiritual development and consciousness. This book is designed to bridge the gap between mind, body & soul diagnosis for disease and ailments. META-Health CHBS come with a twenty page Organ-Conflict directory!
