The Knowledge Entrepreneur Stan Skrzyszewski

In a knowledge economy, it is most important that creative people with ideas, information skills, experience, and knowledge become engaged in entrepreneurial activity involving the creation and use of new knowledge for community, organizational, and personal development, in addition to developing new products and services. This book helps those who wish to engage in entrepreneurial activity realize that they too can work independently, both as an individual and within an organization.

The Knowledge Entrepreneur introduces the principles, skills, and knowledge required to be a knowledge entrepreneur or "intrapreneur." It outlines the process for developing and implementing business plans and proposals for knowledge-based initiatives. It also offers insight into the nature of knowledge, innovation, and entrepreneurship. For the individual entrepreneur who is just starting to develop a business concept, employees who want to become employers, and for entrepreneurially-minded people working in larger information-related organizations (e.g. libraries and information, technology, and software businesses), this book will be an invaluable tool.

From reader reviews:

Raymond Lee:

A lot of people always spent their free time to vacation as well as go to the outside with them household or their friend. Do you realize? Many a lot of people spent these people free time just watching TV, or even playing video games all day long. If you wish to try to find a new activity honestly, that is look different you can read any book. It is really fun for you. If you enjoy the book you read you can spent all day long to reading a e-book. The book The Knowledge Entrepreneur it is very good to read. There are a lot of people who recommended this book. These were enjoying reading this book. When you did not have enough space to develop this book you can buy typically the e-book. You can m0ore easily to read this book through your smart phone. The price is not too expensive but this book provides high quality.

Nancy Nault:

People live in this new day of lifestyle always try to and must have the spare time or they will get large amount of stress from both daily life and work. So , when we ask do people have extra time, we will say absolutely sure. People is human not really a huge robot. Then we consult again, what kind of activity do you have when the spare time coming to you of course your answer will certainly unlimited right. Then do you ever try this one, reading guides. It can be your alternative with spending your spare time, the actual book you have read is The Knowledge Entrepreneur.

Vincenza Nagel:

In this time globalization it is important to someone to obtain information. The information will make you to definitely understand the condition of the world. The condition of the world makes the information simpler to share. You can find a lot of personal references to get information example: internet, newspaper, book, and soon. You can observe that now, a lot of publisher that print many kinds of book. The particular book that recommended for you is The Knowledge Entrepreneur this e-book consist a lot of the information on the condition of this world now. This specific book was represented so why is the world has grown up. The vocabulary styles that writer use to explain it is easy to understand. The actual writer made some analysis when he makes this book. That is why this book suited all of you.

Lorraine Wheat:

Is it anyone who having spare time subsequently spend it whole day by simply watching television programs or just lying down on the bed? Do you need something new? This The Knowledge Entrepreneur can be the solution, oh how comes? The new book you know. You are consequently out of date, spending your extra time by reading in this new era is common not a nerd activity. So what these books have than the others?
