Blackbelt in Blackjack Arnold Snyder

In the spirit of Doyle Brunson's Super System, Arnold Snyder's Blackbelt in Blackjack is an underground gambling classic written by one of the grand masters of blackjack and a legend. This newly revised and updated edition is now made available for the first time to a national audience. This is blackjack as a martial art, targeted for serious and professional players looking to win real money at the game. Snyder reveals tips and tricks used by the pros-shuffle tracking, team play, multiple deck camouflage techniques so that the casino can't detect that the player is using winning techniques, and much more. 21 powerful chapters include a complete course on beating blackjack: the devastating red 7 count, the hi-lo count, the zen count, the true count, and so much more.
